## WFF 2019 Hombu Dojo Stara Wies Poland

Dear Sirs, I want to inform you that for the first time in history, the World Federation of Fudan is organizing the historic First Spring Seminar in Hombu Dojo WFF, located in the Polish National Park Stara Wies. I want to remind you that this is an extremely important event before the themes of the seminar are of particular relevance to the Fudokan Karate Federation of the World.

**Appendix** First of all, familiarizing yourself with the essential act of licensing the examiner. The material is displayed on the WFF website. This document will allow for a clear and precise functioning of the 'WFF' testers to avoid all existing misunderstandings regarding the allocation of KYU and DAN vocation. I am deeply convinced that the aforementioned Rulebook is in the form of a binding guide to the vital importance of each examiner. WFF

**Appendix 2** Taking a position on the program activity of the 2019e ' Championships in Germany as well as the creation of the Platform of Traditional Budo Karate

**Appendix 3** Establishment of a list of new promotions for senior titles 7-8-9DAN as well as recording candidates for the awarding of decorations adopted within the Fraternity of St. Prohor Pcinjski, as well as the Guardian Style of Fudokan.

**Appendix 4** Explanation BOUTSPRO-s, that is, professional leagues, professional engagement of selected athletes WFF determining the list of professional judges that will be engaged in Libya from 02 01 2019 to 2001, 2019 Conclusion of the contract of the obligation to more accurately relate WFF-BOUTSPRO professional karateka with apominance.

As the number of the Budo center of Stara Wies is limited and it involves a maximum of 120 seats, priority will be exclusively, duly and timely logged in. No complaint, that is, the rights of priority, in accordance with the level of participation of the participants, will not be taken into consideration. I especially emphasize that the right examinations A, B and C categories refer only to those carriers of the title (1-8DAN) who are verified and who will be assigned the licenses of the examiner in 2019 for a period of two years, with refreshing courses. Its assigned title will be validly and neatly registered in the World Fudokan Federation, namely, it will be highlighted on the official WFF portal, DAN and KYU titles.

In the belief that you will very seriously understand the task that the resolution would have far reaching consequences in the WFF and enable once and for all to resolve all misunderstandings of overlapping the right of priority and similar occurrences. Best of all, I warn you at the same time that you decide on your own position, the destiny of the World Fudokan Federation, the organization. Therefore, you are obliged to abide by the obligatory instructions and therefore

your function the examiners distinguished and realized in the best possible way, which you expect e
