

## WORLD TRADITIONAL KARATE-DO FEDERATION

Date: 15th April, 2020

Dear WTKF members,

with over 1 954,000 confirmed cases of COVID-19 around the world, the coronavirus outbreak has impacted nearly every organization globally in recent weeks. Now, with the declaration of COVID-19 as a pandemic by the World Health Organization on March 11, there's an increased effort to prevent the spread of the virus, which has meant the cancellation of many events, including competitions or seminars.

On behalf of World Traditional Karate Federation, I would like to inform you, that our European Cup has been postponed until further notice. We will inform you in next few months, about other events depending on current situation. Our intention is not to cancel these events, but to reschedule them.

Keep doing karate at home. Karate will boost your body's immunity.

I wish you and your families now mainly health.

Dr. Volodymyr Savchenko

President

World Traditional Karate Federation
